Product Brochure

Inkjet without complexity.

Xerox® IJP900 Inkjet Press

xerox™

Maximum throughput. Minimum cost. Business-quality color.

Meet the Xerox® IJP900 Inkjet Press. A compact cutsheet inkjet powerhouse that delivers high-volume short runs with ease—no infrastructure overhaul needed: consistent quality, seamless workflows and real-time performance, all backed by the trusted Xerox ecosystem.

HIGH-SPEED PERFORMANCE WITHOUT COMPROMISE

Cranks out business-quality color

Up to 150 pages per minute in color or black and white—even when duplexing. That's serious throughput for high-volume needs—without tradeoffs in quality or speed.

NO SPECIAL INFRASTRUCTURE NEEDED

Plug it in and print

Runs on standard power and doesn't require HVAC, water or complex buildouts. That saves time, space and cost right from the start.

COMPACT YET SCALABLE FOOTPRINT

Fits right in

Starting at just 9.5 ft, the IJP900 is designed for tight production floors and can grow with your business needs. Even fully configured, the press stays space-efficient.

LOW TOTAL OPERATING COST

Inkjet that doesn't break the bank

Business-quality color output with ink cost estimation, intelligent maintenance and large 3-liter ink tanks. You print more, waste less and manage costs better.

BUILT-IN PRODUCTIVITY AND UPTIME TOOLS

It just works

Features like auto printhead cleaning, paper dust removal and advanced drying with active decurling mean less downtime and fewer hands-on interventions.

VERSATILITY ACROSS APPLICATIONS AND MEDIA

There's so much you can make with it

The IJP900 handles a range of media types, including plain, uncoated, super smooth and inkjet treated (matte, silk and plain), so you can run everything from booklets and invoices to postcards and reports.

PRINT THAT PERFORMS WHERE IT MATTERS MOST

Productivity isn't optional. It's essential.

Financial. Government. Insurance. Healthcare. Direct Mail. Education.

When communications are regulated, high-volume, mission-critical and people-focused, the Xerox® IJP900 Inkjet Press is built for environments where compliance, speed and quality can't be compromised. Whether you're printing benefit statements, claims correspondence or letters, this is inkjet that keeps up, keeps costs down and never misses a beat.

For mono users looking to modernize.

The Xerox® IJP900 delivers color, white-paper-in productivity at a lower cost per page than toner. It eliminates pre-printed shells, streamlines workflows and handles both mono and color jobs on a single device. With its compact footprint, and onboard scanning, inline finishing and high-speed output capabilities, it's ideal for statements, letters, booklets and more, maximizing efficiency without expanding your floor space—or budget.

Applications galore.
Inkjet without complexity.

- Booklets
- BRCs
- Brochures
- Calendars
- EOBs
- Forms
- Invoices
- Leaflets
- Letters
- Manuals
- Pamphlets
- Postcards
- Reports
- Statements

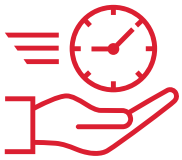

An entire ecosystem of opportunity.

The Xerox® IJP900 Inkjet Press comes backed by the Xerox ecosystem, delivering class-leading workflows, unrivaled service and support and real-time performance monitoring.

Speedy and effortless workflows and customization.

Accelerate your work with Xerox® FreeFlow® Core and Xerox® FreeFlow® Vision Connect Software and visualize your path to better press ROI. FreeFlow® Vision Connect unleashes the power of the cloud and AI-driven predictive analytics to unlock unprecedented access to data and insights that will help you monitor, measure, manage and improve your fleet's performance.

Front-end smarts for seamless production.

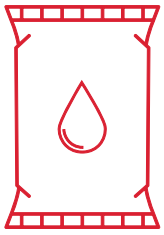

SPEED THAT DRIVES YOUR BUSINESS FORWARD

Boost productivity with the Xerox® EX IJP900 Print Server Powered by Fiery®. The Fiery® FS600, this server is built for high-speed performance, even on demanding variable data jobs. Maintain consistent quality while keeping costs in check.

TAKE THE GUESSWORK OUT OF PRODUCTION

Fiery® Command WorkStation® and JobExpert™ simplify job setup with visual tools and intelligent automation, selecting the best settings for quality and efficiency every time.

3L INK-FEEDING SYSTEM KEEPS WORK MOVING

High-capacity ink supply means extended, uninterrupted print runs so you can get more jobs out the door. Need to refill? Do it on the fly for maximum throughput and productivity.

FIERY® SMART ESTIMATOR FOR INK ESTIMATION

This tool provides an estimate for ink usage and its cost for print jobs, helping users optimize resources and control expenses.

THE HIGHLIGHTS BEHIND THE IJP900'S HIGH PERFORMANCE

- **Print speed:** 150 ppm A4; 146 ppm for Letter
- **Average Monthly Image Volume (AMIV):** 250,000-1,000,000
- **High productivity and stable image quality** ensure impressive 600 x 600 dpi (up to 600 x 1200 dpi) quality output
- **Image stability and consistent color** quality achieved by water-based pigment ink
- **Contact Image Sensor (CIS)** for high-precision registration
- **Maximum feeding capacity:** 14,310 sheets based on 80 gsm; 4,880 sheets for each paper feed unit (max 2 units) main unit cassettes trays 1 and 2: 500 sheets each; trays 3 and 4: 1,500 sheets each; multipurpose tray: 550 sheets
- **13 in. x 19.2 in. (330.2 mm x 487.68 mm) media size** supports media from 52 to 360 gsm
- **Media types:** Plain, uncoated, super smooth and inkjet treated (matte, silk and plain)
- **Duplex support from** 52 to 300 gsm
- **Duplex support up to** 12 in. x 18 in. (304.8 mm x 457.2 mm)
- **3-belt vacuum feed delivery** to ensure greater stability of a diverse range of media
- **Oversize media option:** 550 sheets at 27.5 in. (698.5 mm) or single sheet up to 48 in. (1,219.2 mm)
- **220-sheet single-pass duplex scanner** for high-speed scanning
- **Up to 2 paper stackers,** each with a capacity of 5,000 sheets per unit; includes 1 rollaway cart with each stacker
- **Finisher/Stapler/Booklet Maker** for stacking up to 4,000 sheets; stapling 100 sheets, and hole punching, tri-folding and booklet making up to 20 sheets; 3 edge staple positions: top left, bottom left and center bind
